ePoster PRESENTATION

As part of the colloquium activity to share research work of Postgraduate students to the academic community, the School of Social Sciences Postgraduate Colloquium 2017 will showcase ePoster presentation. This presentation is COMPULSORY for all postgraduate students who have presented their research proposal (MEM, MSW, MSc., Ph.D.) and OPTIONAL for others.

WHAT IS ELECTRONIC POSTER (ePoster)?

An ePoster utilizes a large monitor and computer to display multimedia versions of a poster. It provides an opportunity for a poster presenter in the poster session to effectively convey information that would not necessarily be possible with a traditional printed poster. It also enhances visualization to attract interest of attendees.

GUIDELINES FOR ePOSTER PRESENTATION

1.   Preparation of ePoster follows the template provided. You are required to follow the format. While you are not allowed to change the format, you are most welcomed to change its color scheme and include images or animations.

2.   ePoster is not intended as an oral presentation. Display elements can either loop for a minute or less, or be activated and controlled by the poster presentation on command. We suggest a time frame of **no more than 2 minutes** for every ePoster presentation.

3.   It is not suggested for ePoster presentation to include audio or video presentation, neither does it is linked to any webpage that could only be accessed via Internet.

4.   Please make sure to reduce the size of the photographs before importing them into the Powerpoint template.

5.   All ePoster presentations need to be emailed to the colloquium secretariat at kolokium.socsci@gmail.com latest **14th November 2017**. Please include the following information when submitting your ePoster – name, section, year of study, information on whether you have completed your proposal defend or not.

6.   ePoster presentation will be done according to the different sections where postgraduate candidate has registered.

7.   All ePoster presenters will receive a certificate of ePoster presentation.

8.   ePoster presentation will be evaluated on the following basis:

Communication & Presentation skills 5 marks
Content   10 marks
Creativity   5 marks

A group of panelists appointed by section coordinator will evaluate the ePoster presentation. Please note that there will be **no Question and Answer session** during the ePoster presentation. Presenters, panelists, students and lecturers will have the opportunity to interact and discuss the posters in detail during the ePoster Presenters Interaction Session after the presentation.

9.   5 Best ePosters will be selected (one from each section) and announced during the closing ceremony of the colloquium. Certificate and token of appreciation will be awarded to the best ePoster presenters.

10. All the 5 Best ePoster Presenters will be presenting their posters during the opening ceremony of the Social Sciences Postgraduate International Seminar (SSPIS) on 29th November 2017 at Sains@USM, Bukit Jambul, Penang, to compete for the Best Social Sciences ePoster Presentation. Best Social Sciences ePoster Presentation will be awarded a certificate and token of appreciation.

11. Please contact Associate Professor Dr. Saidatulakmal Mohd at ddpg_soc@usm.my or Colloquium secretariat at kolokium.socsci@gmail.com for further inquiries.
